Customizing Your Cake

Each of our cakes is custom made to meet your needs. There are several factors that determine pricing: Complexity of design, flavor combination, the use of fondant/gum paste/sugar decorations, and number of servings. The starting price per slice is \$3.00 for a basic buttercream cake, and can go up depending on the factors mentioned above. Basic fondant covered cakes start at \$4.00 per slice. For gluten-free cakes, add \$1.00/per slice to the base price.

For wedding cakes, please give us at least one month notice.
